

Oceania Road Cycling Championships 2009

Geelong, Victoria

12th - 15th February

Mayor's Message – 2009 Oceania Road Cycling Championships

On behalf of the City of Greater Geelong, it is my pleasure to welcome you to the 2009 Oceania Road Cycling Championships. Geelong is rapidly becoming the Australian capital of road cycling over summer, regularly hosting elite cyclists at our world standard facilities.

The Individual Time Trial in Lara and Road Race in Portarlington are both set to be heart stoppers, with competitors from throughout Australia, New Zealand and Pacific Island nations competing head-to-head.

The Bellarine Peninsula will provide the perfect backdrop for the Road Race, showcasing the beautiful scenery and landscapes of the Bellarine.

Cyclists will have the pleasure of riding along the Peninsula's winding roads as they pass wineries, beaches and charming towns on their way to the finish line.

This event should whet the appetites of cycling fans for the upcoming 2010 World Cycling Championships, also to be held right here in Geelong.

Best wishes to all the local and visiting competitors and spectators, I hope that you enjoy all that the region has to offer.

Cr John Mitchell
Mayor City of Greater Geelong

Welcome Message from the President of Oceania Cycling Confederation

It is with much pleasure that I extend a very warm welcome to the athletes and officials from the Oceania Region to these Oceania Road Championships.

During the competitions I am certain we will witness some great performances from the athletes throughout the region. These events are crucial to many of the competitors, as the winners of the elite championships may be selected as an extra starter for their Federation in the World Road Championships later in the year.

To the athletes and team officials who have traveled great distances to attend I thank you sincerely for your support. I hope you all have an enjoyable experience and in particular to those that are visiting Geelong and the Bellarine Peninsula for the first time, I know that you will return home with fond memories of your visit to this great part of Victoria

On behalf of the Oceania Cycling Confederation, I convey our genuine appreciation to the City of Geelong and the Geelong Major Events unit. I also would like to recognise a number of key organisations whose enthusiastic support has contributed to the success of these championships. I refer to the neighboring Councils along the championship courses, Cycle Sport Victoria and the Geelong Cycling Club. Let us not forget the Victorian Police Force, whose efforts and commitment to the safe conduct of all the events will help to consolidate the reputation of the sport in Australia and the promotion of the events internationally. My sincere thanks to all involved especially the local residents along each route whose patience and understanding is very much appreciated.

To the staff of Cycling Australia, the members of the Organising Committee, the race officials and the many volunteers, I extend our gratitude for the many hours of hard work that contributes towards making these events the successes I know they will be.

I acknowledge the support of the members of the media who have reported the competitions as well as the sponsors and corporate supporters whose enthusiastic support is crucial in staging such events. Finally, to the athletes who have come to compete, I thank you for your support and I wish you safe and enjoyable competitions and may your personal goals be realised.

Michael Turtur OAM

President

Oceania Cycling Confederation.
